

iOS 12.2 now available on Sauce Simulators

We are very happy to announce that iOS 12.2 is now available on Sauce simulators. Please set platformVersion desired capability to "12.2" to test on iOS 12.2. Below is an example in Python.

```
caps['platformVersion'] = "12.2"  
caps['appiumVersion'] = "1.12.1"
```

Note that Appium 1.12.1 is required with iOS 12.2.

Happy Testing!
