

# Android Q Beta: Now available on Real Device Cloud

As of today **Android Q** (Beta 5) is available on the Sauce Labs Real Device Cloud.

You are now able to run tests and future-proof your products for the next iteration of Android on selected devices, enabled on both our European and US data centers.

Please notice, as per every beta release of Android there may be unexpected bugs and issues. Should you encounter any issue, we encourage to get in touch as soon as possible with us.

Happy Testing!
