

# New iPhone SE: Now available on Real Device Cloud

As of today Friday, April 24, the new **iPhone SE 2020** is available on the Sauce Labs Real Device Cloud.

You are now able to run tests and future-proof your products on the newest generation of the iPhone SE, enabled in both our European and US data centers.

Should you encounter any issue, we encourage you to get in touch with us as soon as possible.

Happy Testing!

Karla Schoenicke

Senior Product Manager - Mobile
