

Sauce Labs Introduces Support for iOS 11.4 Beta

Return to the [Product Announcements and Release Notes Blog](#)

Sauce Labs is happy to announce Real Device Cloud support for [iOS 11.4 beta](#).

Private Cloud customers interested in upgrading one or more of their iOS 11.4 beta supported private devices should contact the customer success manager or the support team at support@sauce labs.com and request the upgrade immediately to the latest beta version. 11.4 beta is not supported on public devices.

Happy Testing!

Asaf Saar
Director of Product Management
