

New iPhone 12 Mini and iPhone 12 Pro Max: Now Available on Real Device Cloud

Return to the [Product Announcements and Release Notes Blog](#)

Hello Sauce user!

The new **iPhone 12 Mini** and **iPhone 12 Pro Max** are now available on the Sauce Labs Real Device Cloud.

You are now able to run tests and future-proof your products on the newest generation of the iPhone 12, enabled in both our European and US data centers.

Should you encounter any issue, we encourage you to get in touch with us as soon as possible.
