

Legacy Device Platform User Migration Guide

 TestObject will reach end of life [September 1, 2021](#).

Appium, Espresso, and XCUITest are now supported on Sauce Labs real devices. With this expanded functionality and a unified platform that combines all of our products in one place, with one login, TestObject (Legacy RDC) will reach end-of-life September 1, 2021.

ACTION REQUIRED: Please migrate your mobile apps and test files from TestObject to Sauce Labs storage by August 31, 2021 using our [step-by-step migration guides](#).

If you have any questions, please reach out to your Customer Success Manager or Sauce Labs Support.
